PROFESSIONAL EXPERIENCE:

Senior UI Consultant

August 2021 - Present

Infogain | Andheri

- Developed scalable frontend interfaces using **React** and **Angular**, integrated with **ASP.NET** and **Java** backends, supporting enterprise-grade applications across multiple business units.
- **Led migration** of **legacy** applications to **modern** React-based frontends, improving modularity, performance, and long-term maintainability.
- Translated **Figma designs** into responsive, pixel-perfect components reducing design-to-dev handoff time and ensuring consistent UX across devices.
- Consumed and integrated **RESTful APIs**, aligning data flow with business logic and performance goals.
- Implemented **JWT-based authentication** and route protection, securing application access across user roles.
- Leveraged **Redux** and **React Hooks** for efficient state management, improving component reusability and rendering performance.

- **Mentored** junior developers on best practices, code reviews, and reusable component design in an Agile/Scrum environment.
- Collaborated with **cross-functional teams** (design, backend, QA) to ensure timely, high-quality delivery across **sprint cycles**.

IT Analyst

January 2020 – August 2021

TCS | Powai

- Built and maintained websites and web applications using **Drupal**, **Hugo**, and **Canvas Web Builder** for enterprise clients.
- Developed responsive UIs with **HTML**, **CSS/SCSS**, **JavaScript**, and **jQuery**, ensuring cross-browser compatibility.
- Conducted **performance audits** and shared optimization strategies with stakeholders, improving page load metrics.
- Used **Git** for version control, collaborating with distributed teams on continuous updates and deployments.

Frontend Developer

January 2019 – January 2020

Webmaffia | Malad

- Converted **PSD** designs into responsive, interactive HTML/SCSS/JS interfaces with **animations** and **effects**.
- Created **interactive prototypes**, performed cross-browser testing, and handled ongoing website maintenance.
- Built and maintained dynamic web applications using **Drupal**, **CodeIgniter**, and **Laravel**, handling frontend templating.

Frontend Developer

January 2017 – January 2019

Crystal Logic | Goregaon

- Built **pixel-perfect, responsive** websites from **PSD** files, developed landing pages, and coded HTML emailers.
- Ensured **cross-browser compatibility** across Chrome, Firefox, Safari, and IE for all deliverables.
- **Collaborated** directly with **clients** to gather requirements, translate them into functional UI, and deliver projects on time with minimal revisions.

Web Developer

August 2015 – December 2016

Fruitbowl Digital | Andheri

- Created **WordPress** websites and e-commerce platforms with interactive **JavaScript/jQuery** features.
- Designed and coded **HTML emailers** across multiple client campaigns.
